

CORPORATE GOVERNANCE REPORT

2011

Lars Otterbeck.

Chairman's comments

The expression corporate governance, like so many other things in the corporate sector, originated in the U.K. Ten to fifteen years ago people were talking about corporate governance more and more. In Sweden it was the Swedish Shareholders' Association that fought to sort out matters relating to corporate governance. Since their main purpose was to strengthen the influence of small shareholders, the expression was translated into Swedish as "ägarstyrning" [owner governance], thus emphasizing that it is the owners who bear ultimate responsibility. The clear decision-making hierarchy between the company bodies the general meeting, the board and CEO with the auditor alongside became a little less clear.

According to the Swedish Companies Act, shareholders exercise their influence at the general meeting. The meeting appoints the board and auditors and decides on dividends and any new issues. The Swedish interpretation of corporate governance means that the general meeting through its agency the nomination committee has also taken over nominations to the board, which were previously handled by the board itself. The reward system and remuneration to senior executives have also increasingly become matters for the general meeting, in accordance with law and practice via the codes. This has increased transparency and been a good thing on the whole.

Hakon Invest is one of many companies on the Swedish stock exchange which has a clear principal owner. In our case ICA-handlarnas Förbund. Our principal owner holds more than 50% of both capital and voting rights. There are many principal owners who "only" have a voting majority via shares with different voting rights or principal owners that do not even have a majority of the votes but are still completely dominant.

The principal owner has of course a legitimate right by virtue of his ownership to dominate the company's operations and ensure that it works in the interests of the principal owner, but the principal owner may not impinge on the rights of the minority owners. For this reason both the law and the Code contain protection for minority owners, designed to ensure that the principal owner does not exercise power at the minority's expense.

In Hakon Invest the majority of the board, including the chairman, is independent of ICA-handlarnas Förbund and we are careful to handle correctly issues where there is a risk that attention is not paid to the rights of minority shareholders. This is particularly important when there is also a personal connection between ICA-handlarnas Förbund and Hakon Invest and many individual ICA retailers are also shareholders in Hakon Invest.

2011 was characterized in business terms by low growth throughout Europe. Despite this, ICA achieved a good result, apart from the write-down of goodwill relating to ICA Norway. Hakon Invest made no new acquisitions but consolidated its portfolio. This led among other things to the sale of Hemma, the takeover of the whole of inkClub, a decision to sell parts of ICA Norway, and otherwise a strong focus on efficiency and improved profitability in all companies. Ahead of 2012, I strongly believe that we will further strengthen profitability in Hakon Invest and that the delicate balance between the principal owner and minority owners will harmonize well with Hakon Invest's profitability ambitions.

Governance of Hakon Invest

During 2011 the Board of Directors of Hakon Invest examined matters relating to corporate governance which resulted from a rearrangement of the portfolio of company. One key issue was the new strategic business plan for ICA Norway.

Hakon Invest is a public company with its registered office in Stockholm, Sweden, which has shares listed on Nasdaq OMX Stockholm. The Swedish Companies Act, Nasdaq OMX Stockholm's rules for issuers and the Swedish Code of Corporate Governance (the Code) provide the basis for governance of the company. In addition, Hakon Invest has a number of internal rules and control tools.

DEVIATIONS FROM THE CODE

In 2011, Hakon Invest has deviated from the part of the Code's rule 7.3 which stipulates that the Audit Committee shall comprise three members. Today, the Audit Committee consists of two members. In view of the fact that ICA AB constitutes the main holding in Hakon Invest and ICA AB has an Audit Committee in which Hakon Invest has one representative, the assessment is that two members is a suitable size for Hakon Invest's Audit Committee.

GOVERNANCE FOR VALUE CREATION

Corporate governance is about how companies should be operated so that owners' interests are safeguarded. The overall goal is to create shareholder value and in this way meet the requirements owners have on their invested capital.

The internal framework for Hakon Invest's corporate governance comprises the Articles of Association adopted by the General Meeting, the Board's formal work plan, instructions for the Board's three working committees, the instructions to the CEO and guiding policies adopted by the Board.

The Articles of Association and extracts from the policies are available on Hakon Invest's website (www.hakoninvest.se). The Articles of Association do not regulate how changes to the Articles of Association should be made.

Hakon Invest's President and CEO, Claes-Göran Sylvén, is responsible for ensuring that day-to-day administration of the company is carried out in accordance with the Board's guidelines and instructions. The CEO also compiles, in dialog with the Chairman and Deputy Chairman of the Board, an agenda for Board meetings and is responsible for providing information and basis for decision for the meetings. The CEO also ensures that Board

members receive information about Hakon Invest's development so that they can reach well-founded decisions.

SHAREHOLDERS, SHARES AND VOTING RIGHTS

Hakon Invest has a share structure with two classes of shares, common shares and C shares. C shares, which comprise 51% of the total number of shares, are unlisted and do not carry entitlement to cash dividends. The remaining 49% are listed common shares with dividend entitlement.

All C shares and 16.4% of the common shares, i.e. a total

HAKON INVEST'S GOVERNANCE STRUCTURE

ICA AB'S AUDIT COMMITTEE
Hakon Invest has two representatives in ICA's Audit Committee who report to Hakon Invest's Audit Committee.

*Remaining 60% of ICA AB is owned by Royal Ahold. Pursuant to a shareholder agreement the two owners have joint control of ICA AB through an agreement requiring unanimity for all decisions made by general meetings and the Board of Directors.

of 67.3%, are owned by ICA-handlarnas Förbund, which is Hakon Invest's largest shareholder.

The other common shares are owned by approximately 14,100 shareholders. None of these shareholders own, directly or indirectly, more than 10% of the shares in the company.

In voting at general meetings each share carries entitlement to one vote and each person entitled to vote may vote for the full number of shares represented by him.

On December 9, 2010, ICA-handlarnas Förbund announced that they have decided to convert their holding of non-dividend paying C shares in Hakon Invest to dividend-paying common shares. On January 1, 2011, ICA-handlarnas Förbund therefore lodged a request with the Board of Hakon Invest for conversion of all C shares to common shares. The share structure in Hakon Invest will therefore with effect from 2016, only comprise common shares that carry dividend entitlement. The number of shares after conversion will be unchanged at 160,917,436.

More information about Hakon Invest's shares and ownership structure is provided on pages 58–59 of the annual report.

Peter Berlin and Magnus Moberg are members of the Board of ICA-handlarnas Förbund (a non-profit association for Sweden's ICA retailers). According to Nasdaq OMX Stockholm's rules for issuers and the Code's rules on independence criteria for board members, these three members are independent in relation to Hakon Invest and the company's management but not in relation to the principal owner ICA-handlarnas Förbund.

THE WORK OF THE BOARD

The work of the committees is reported to the Board on a regular basis. The committees are to be regarded as working committees to the Board and do not assume the responsibility that rests with the Board as a whole.

The Audit Committee's key task is to supervise the accounts and financial reporting and obtain information about the auditing of Hakon Invest. EVALUATION OF THE BOARD

An evaluation of the Board is carried out every year in order to develop the work of the Board and provide a basis for the Nomination Committee's evaluation of the composition of the Board. Evaluation of the Board in 2011 took the form of each member having a private conversation with the Board Chairman who then summarized all points in a discussion at the Board meeting.

The evaluation of the Board showed that the work of the Board functioned well and that the Board is a group with a good composition and great commitment.

Each one of the members has broad expertise and many years of experience from different sectors, particularly from operations within the ICA Group, which is the largest holding in Hakon Invest's portfolio, from investment operations and operating management work.

CEO AND EXECUTIVE MANAGEMENT

Hakon Invest's CEO, Claes-Göran Sylvén, is responsible for the day-to-day administration of the company. The Board has approved President Claes-Göran Sylvén's significant assignments and financial involvement outside the company, for example in ICA-handlarnas Förbund. An assessment of him has also been carried out without management being present. The Board's formal work plan and work instructions for the CEO govern in particular the handling of and decisions on matters related to agreements and other dealings between Hakon Invest and ICA-handlarnas Förbund.

In addition to the CEO, Claes-Göran Sylvén, Hakon Invest's Executive Management comprises Stein Petter Ski, SVP Investments and Portfolio Companies, CFO Göran Blomberg and

Further information about Hakon Invest's CEO and Executive Management is provided on pages 70–71 of the annual report.

WORK ON AUDITING AND ACCOUNTING

The Board has drawn up formal working routines to ensure that work with auditing and accounting issues functions smoothly. The Board has also adopted formal work procedures and instructions for the CEO and Audit Committee in order to maintain good internal control of Hakon Invest and the holdings as well as appropriate relations with the company's auditors.

AUDITORS

According to the Articles of Association, the Annual General Meeting shall appoint a minimum of one and a maximum of two auditors or one or two registered public accounting firms. At the 2010 Annual General Meeting Ernst & Young AB was appointed as auditor for a mandate period of four years until the 2014 Annual General Meeting. Authorized public accountant Erik Åström was appointed as auditor in charge until the 2012 Annual General Meeting.

BOARD'S DESCRIPTION OF INTERNAL CONTROL

The Board is responsible for ensuring that Hakon Invest has good internal control and routines which guarantee compliance with adopted principles for financial reporting and internal control. The Board is also responsible for ensuring that financial reporting conforms with the Swedish Companies Act, applicable accounting standards and other requirements on a listed company. Internal control and risk management are part of the Board's and management's governance and follow-up of operations and are designed to ensure that the operations are conducted appropriately and effectively.

CONTROL ENVIRONMENT

A good control environment provides the basis for the effectiveness of a company's internal control system. It is based on an organization with clear decision-making paths and where authority

and responsibility have been allocated through guidelines and a corporate culture with shared values. The control environment is also affected by the individual employee's awareness of his or her role in the maintenance of good internal control. The Board has adopted a number of basic guidelines of significance for financial reporting in order to ensure an effective control environment.

The Board's formal work plan and instructions for the CEO ensure a clear division of roles and responsibilities designed for effective management of operational risks. The Board has also adopted a number of basic guidelines and policies of significance for internal control, such as the financial and investment policy, sustainability policy and communications policy.

RISK ASSESSMENT AND CONTROL ACTIVITIES

Hakon Invest works continuously with risk analyses and control activities in order to identify potential sources of error in the financial reporting. The Audit Committee within the Board is responsible for ensuring identification and management of significant financial risks and risks of error in financial reporting.

The Board is of the opinion that there is good understanding among employees of the need for good control of financial reporting.

Hakon Invest's internal control structure is based on reporting to the Board, adopted policies and guidelines and that employees comply with policies and guidelines so that a good control of financial reporting can be maintained.

Risk assessment can result in control activities. Hakon Invest places particular emphasis on checks designed to prevent, identify and correct inadequacies in the income statement and balance sheet items that might be associated with increased risk. Normal control activities include account reconciliation and support checks.

INFORMATION AND COMMUNICATION

Efficient and correct dissemination of information, both internally and externally, is important in order to safeguard financial control within Hakon Invest. Policies, routines, handbooks and other items of significance for financial reporting are updated and communicated to the employees involved on an ongoing basis.

Hakon Invest's employees provide relevant information to Executive Management and the Board through both formal and informal information channels. The communications policy and associated guidelines ensure that external communication is correct and meets the requirements placed on companies that are listed on Nasdaq OMX Stockholm.

Financial information is provided regularly through annual reports, interim reports, press releases and notices on the website.

Hakon Invest's press conferences can be accessed via webcasts.

FOLLOW-UP

The Board continually assesses the information submitted by Executive Management and the Audit Committee. The Audit Committee's work in monitoring the efficiency of Executive Management's internal control is of particular importance.

This follow-up includes ensuring that action is taken to deal with any shortcomings and that proposed measures arising from internal and external audits are taken into account.

INTERNAL AUDIT

Hakon Invest has no internal audit function, in view of the limited size of its own operations. ICA AB, which is Hakon Invest's largest holding, has on the other hand an extensive internal audit which continually reports its findings to the Audit Committee within ICA AB's Board. Hakon Invest is represented with two people on ICA AB's Board, one of whom is a member of ICA AB's Audit Committee. Hakon Invest's representative on ICA AB's Audit Committee reports in turn to Hakon Invest's Audit Committee. The Board has decided that these follow-up routines are sufficient.

INTERNAL CONTROL IN THE HOLDINGS

Hakon Invest works actively with internal control in its holding companies.

Ownership is exercised in the holdings through representation on the boards and under the motto "Active ownership every day". This includes close contacts with the holdings and continuous work with strategic and operational matters. At least one board member in each holding must be connected with Hakon Invest and the company normally seeks to be entrusted with the chairmanship. Representation on the boards ensures that reporting and internal control are managed in a satisfactory manner and in compliance with applicable laws and regulations.

It is important that board members and managements in the holdings have adequate competence for their assignment. During the year all the presidents of the holdings met Hakon Invest's Board to present their company's operations.

Hakon Invest's finance function has an ongoing dialog with those responsible for finance in all the holding companies and issues instructions and advice for the preparation of each monthly, quarterly, and full-year accounts. This provides Hakon Invest with a basis for its financial reports according to current principles and accounting standards.

Assessments made of internal control in each individual holding. These are made both ahead of an acquisition and during the ownership period.

Ahead of an acquisition due diligence of the company is carried out where the accounting, legal and operational consequences are analyzed.

In addition, a general survey of the company's position regarding environment, supply chain control, HR issues, business ethics and other non-financial aspects is carried out. Hakon Invest's information and communication channels are designed to promote complete and accurate financial reporting. The extent of control within the holding is then decided separately for each company according to need.

As part of Hakon Invest's corporate governance, the company has ongoing work designed to improve the portfolio companies' internal control and risk management. The areas evaluated are control environment, risk management, control activities, and information and communication.

Where risks relating to internal control are identified these are managed by Hakon Invest's finance and legal affairs function and in each holding's board in consultation with the auditors. In addition, the CFO and Hakon Invest's board member in each holding keep Hakon Invest's Executive Management continuously informed. Hakon Invest's CFO reports in turn to the Audit Committee and the Board.

This Corporate Governance report has been examined by the company's auditors.
