- Store visits in physical stores, +17% (Q3 vs begin 2021)
- Online shopping at levels equal to a year ago in Q3
  - Decreasing online share of sales for age group 65+, 29% in Q3 compared to 48% in Q3 2020 (share of no. of orders)
- 430+ stores online compared to 349 Q3 LY
- Continued high online penetration even more important to leverage economies of scale

## Intense transformation phase in online continues

E-commerce warehouse Gothenburg is operational with Ocado solution

- Operational in April, rampup ongoing
- Very good quality in picking and deliveries
- Around 20 stores will be connected by the end of the year

- 100+ stores on Ocado Smart Platform by end of year according to plan
- Positive feedback from customers
- Initial findings show positive effects – basket size and margin
- Continuous efforts to complete development and adaptation for stores which use store pick on OSP

Automated warehouse in Stockholm, Brunna according to plan

- Building phase finished
- Installing and testing of automation in Q4
- Operational in Q2 2022

### Transfer to new Apotek Hjärtat e-commerce warehouse

- Meet increasing online demand, increase capacity and efficiency
- Preparations for moving to new premises ongoing
- Operational autumn 2022

## Transparency and measurability for a good tomorrow – five key areas

				0
Environment	Health	Inclusion & Diversity	Quality	Local
Climate impact from our own operations shall be net zero by 2030 Cut the climate impact of customers' grocery purchases in half by 2030 Cut food waste in half by 2025 Fossil-free road transport within all ICA Gruppen's Swedish operations by 2030	Customers' consumption of fruit and vegetables Number of products with lowered share of sugar, ICA Sweden	50/50 gender diversity in key positions within ICA Gruppen	Share of socially audited suppliers of ICA corporate brands products in high- risk countries Share of suppliers of ICA corporate brands in high- risk countries with a valid follow-up social audit Share of suppliers of ICA corporate brand products with quality certifications	<ul> <li>Important events e.g.</li> <li>Major efforts to promote locally produced food</li> <li>Support for local communities and risk groups during the Covid-19 crisis</li> <li>Increased access to simple healthcare services</li> </ul>

## ICA Gruppen's climate work awarded by the UN

- The UN has awarded ICA Gruppen for its "Beyond Climate Neutrality" climate ambition – UN Global Climate Action Awards
- The award will be presented in connection with the UN COP26 Climate Change Conference in Glasgow in early November
- ICA has been recognised for its work to achieve climate neutrality in its own operations and its ambition to drive change for reduced climate impact both upstream in the supply chain and downstream among consumers

### CONGRATULATIONS

to the 2021 UN Global Climate Action Award Winners!

## Important milestone for ICA Växa

ICA Växa's own product line is now being launched - "ICA svenskt växtbaserat" – 10 products in first step

- ICA Växa\* was initiated in 2020 as a step toward creating a sustainable food system for the future – three focus areas:
  - Promote Swedish and local food
  - Scale-up of small producers
  - Collaboration and open innovation
- Strong customer demand for more plantbased foods – 24% want to eat more plant-based or vegetarian foods
- Customers driven towards plant-based for several reasons:
  - Reduced carbon footprint (39%)
  - Health (36%)
  - Better world (27%)

\*ICA Växa ("ICA Grow") initiative. ICA Växa is contributing both to the ambition to cut the climate impact of customers' grocery purchases in half and to strengthening local ecosystems for food production and consumption.
